# Water Risk Reduction

22<sup>nd</sup> Feb 2023

The video player interface displays the title "Year of Water 2023" in a cursive font with a water drop icon containing a globe. Below it, the main topic "Water Risk Reduction" is written in a bold, sans-serif font. Five speaker portraits are arranged in a row, each with a name caption below: Tadashige Kawasaki, Hans Guttman, Dipak Gyawali, Kusum Athukorala, and Khin-Nini Thein. At the bottom, two moderators are shown: Alice Bouman-De Vener and another woman. The interface includes standard video controls like play, volume, and full screen, along with logos for "ecocivilisation chair" and "Myanmar Water Acad".

# Responsible Investments in Sustainable Water Management

26<sup>th</sup> Apr 2023

The video player interface features a title banner at the top with the text "Year of Water 2023" in a cursive font, where the year "2023" is partially obscured by a blue water droplet icon. Below the banner, the main title "Responsible Investment in Sustainable Water Management" is centered. A row of six speaker portraits is displayed, with a large play button overlaid on the third portrait. The speakers are identified as follows: Prof. Dr. Guoqing Shi, Dr. Andreja Kodrin, Elisabet Lagerstedt, Prof. Dr. Mariele Evers, Prof. Dr. Sharif Uddin Ahmed Rana, and Yuko Kudo. At the bottom of the player, a chair portrait is labeled "chair VIOLETA BULC" and a moderator portrait is labeled "moderator KHIN NI-NI THEIN". The video progress bar shows "0:00 / 2:04:55". Logos for "ecocivilisation" and "Myanmar Water Academy" are visible in the bottom right corner of the player area.

# Key Messages

- 1. Water is not a Problem!**
- 2. Water Governance and Water Management have fundamental problems.**
- 3. We were wrong; We can right them all.**
- 4. We have a chance, not only to prevent the worst effects of Climate Change, but also to make the world better right now; by governing and managing water in humane ways.**
