

"Nurturing Tomorrow's Leaders: Empowering Preschoolers through Summer Programs".

Khin Myat Htwe

Lumbini (Mandalay)

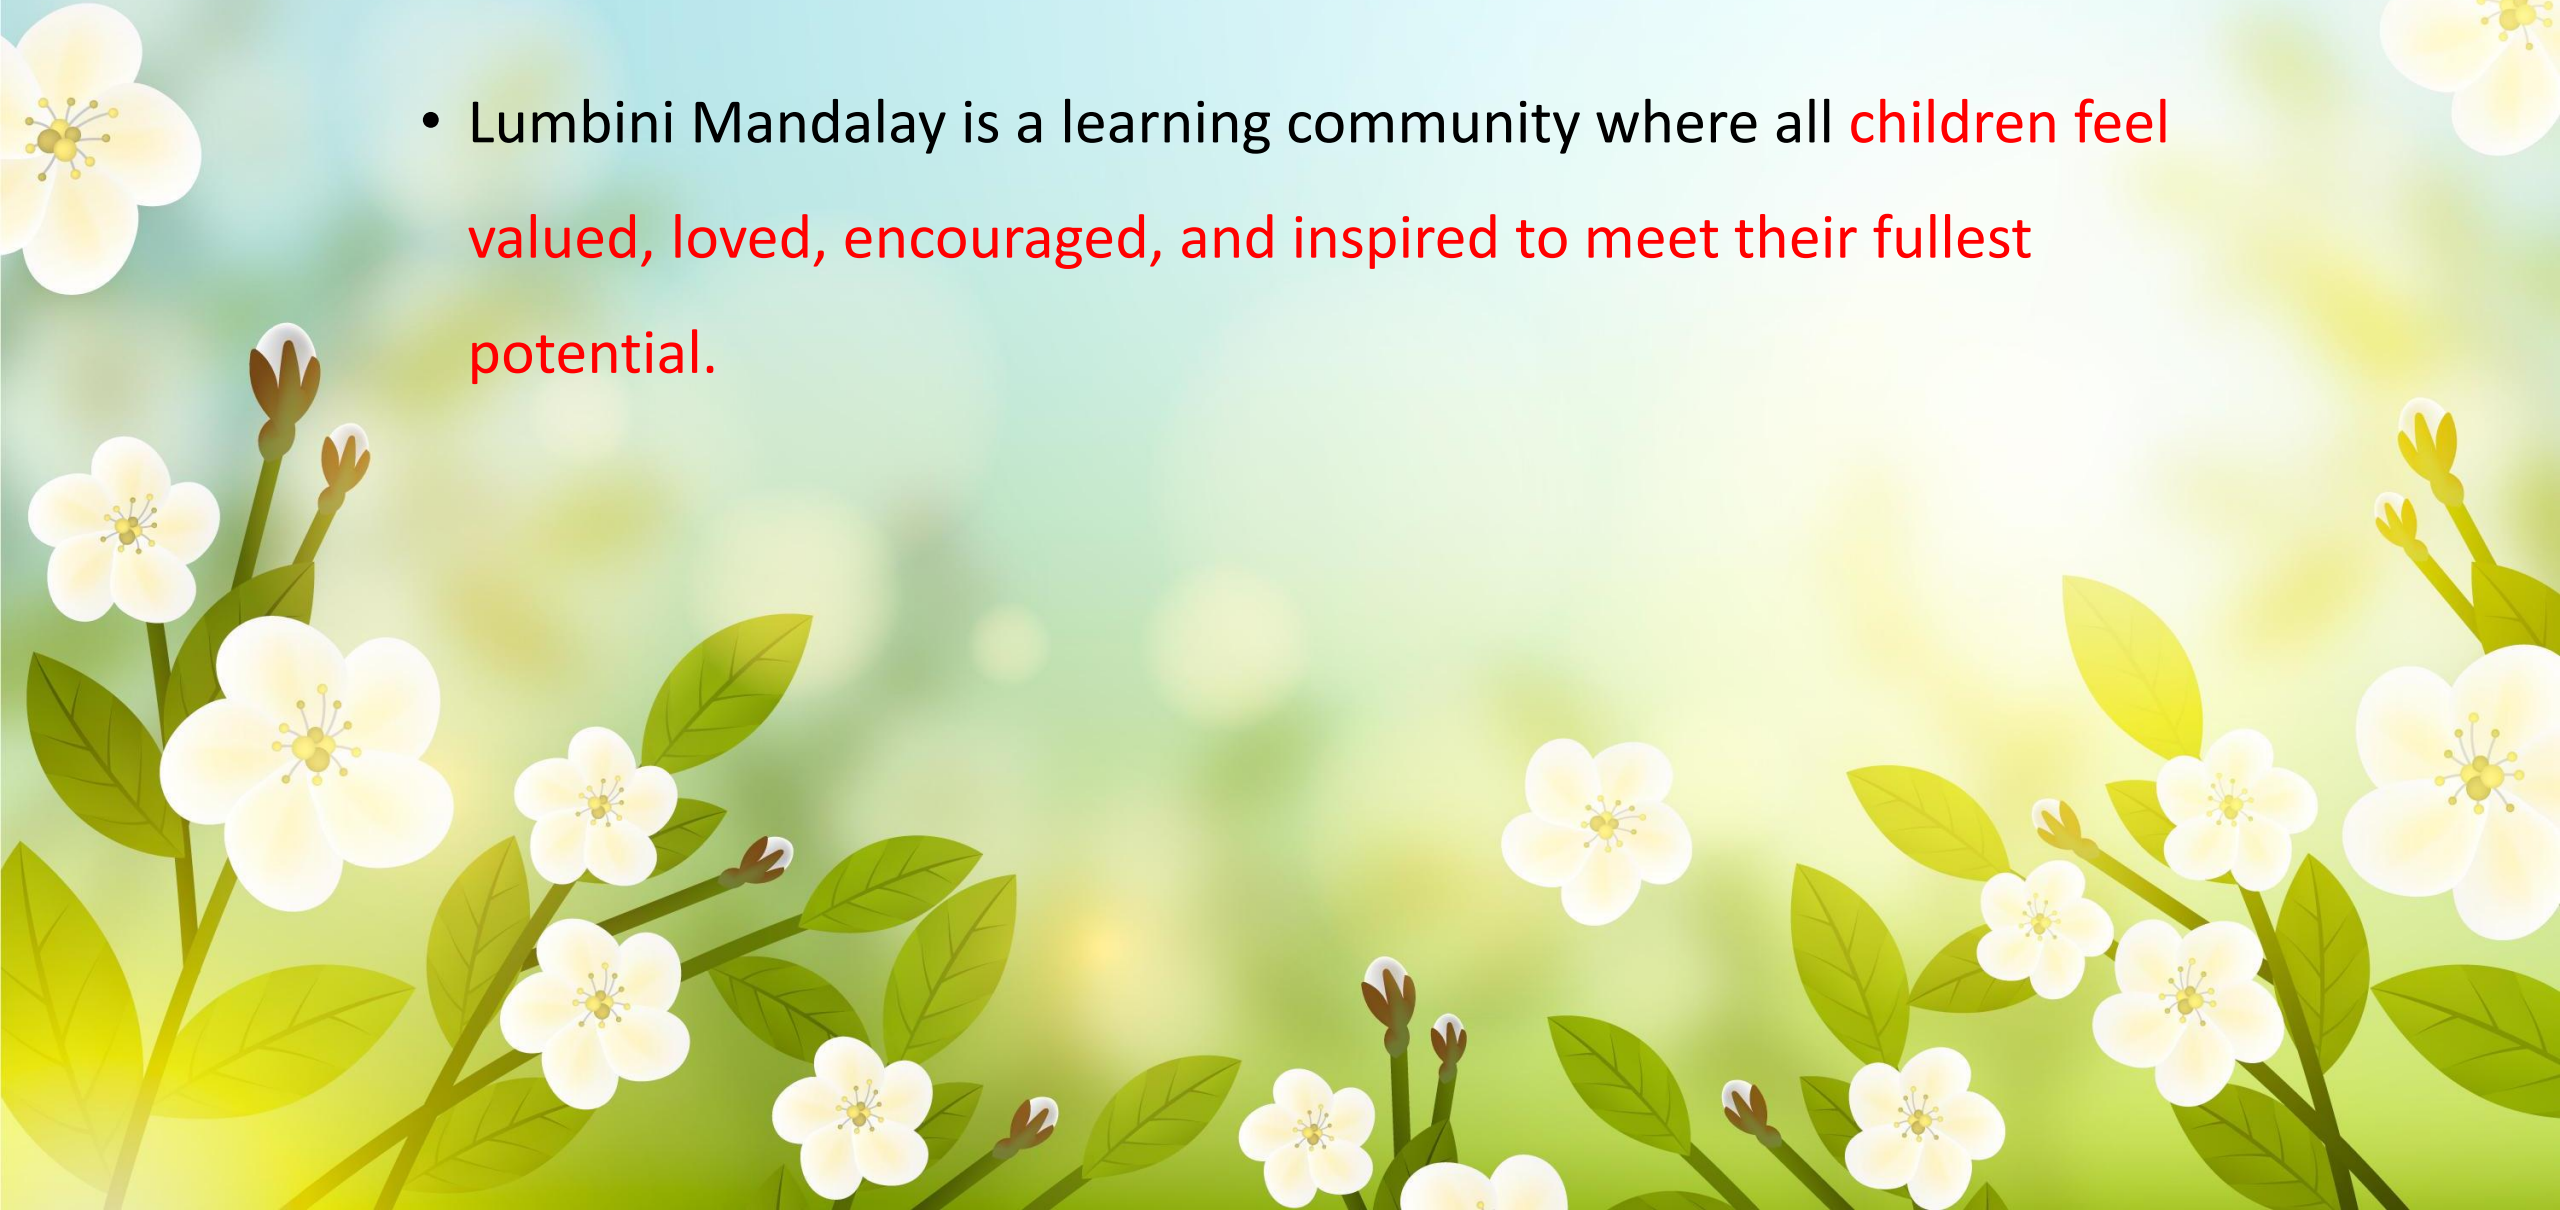

The youth of today are the leaders
of tomorrow.

— *Nelson Mandela* —

AZ QUOTES

Vision

- Lumbini Mandalay is a learning community where all **children feel valued, loved, encouraged, and inspired to meet their fullest potential.**

Mission

- Lumbini Mandalay is to provide quality education from early childhood to high school, create **safe, developmentally appropriate, and nurturing learning environment**, nourish the body and mind of each student, and help children to become **good and contributing persons to the society.**

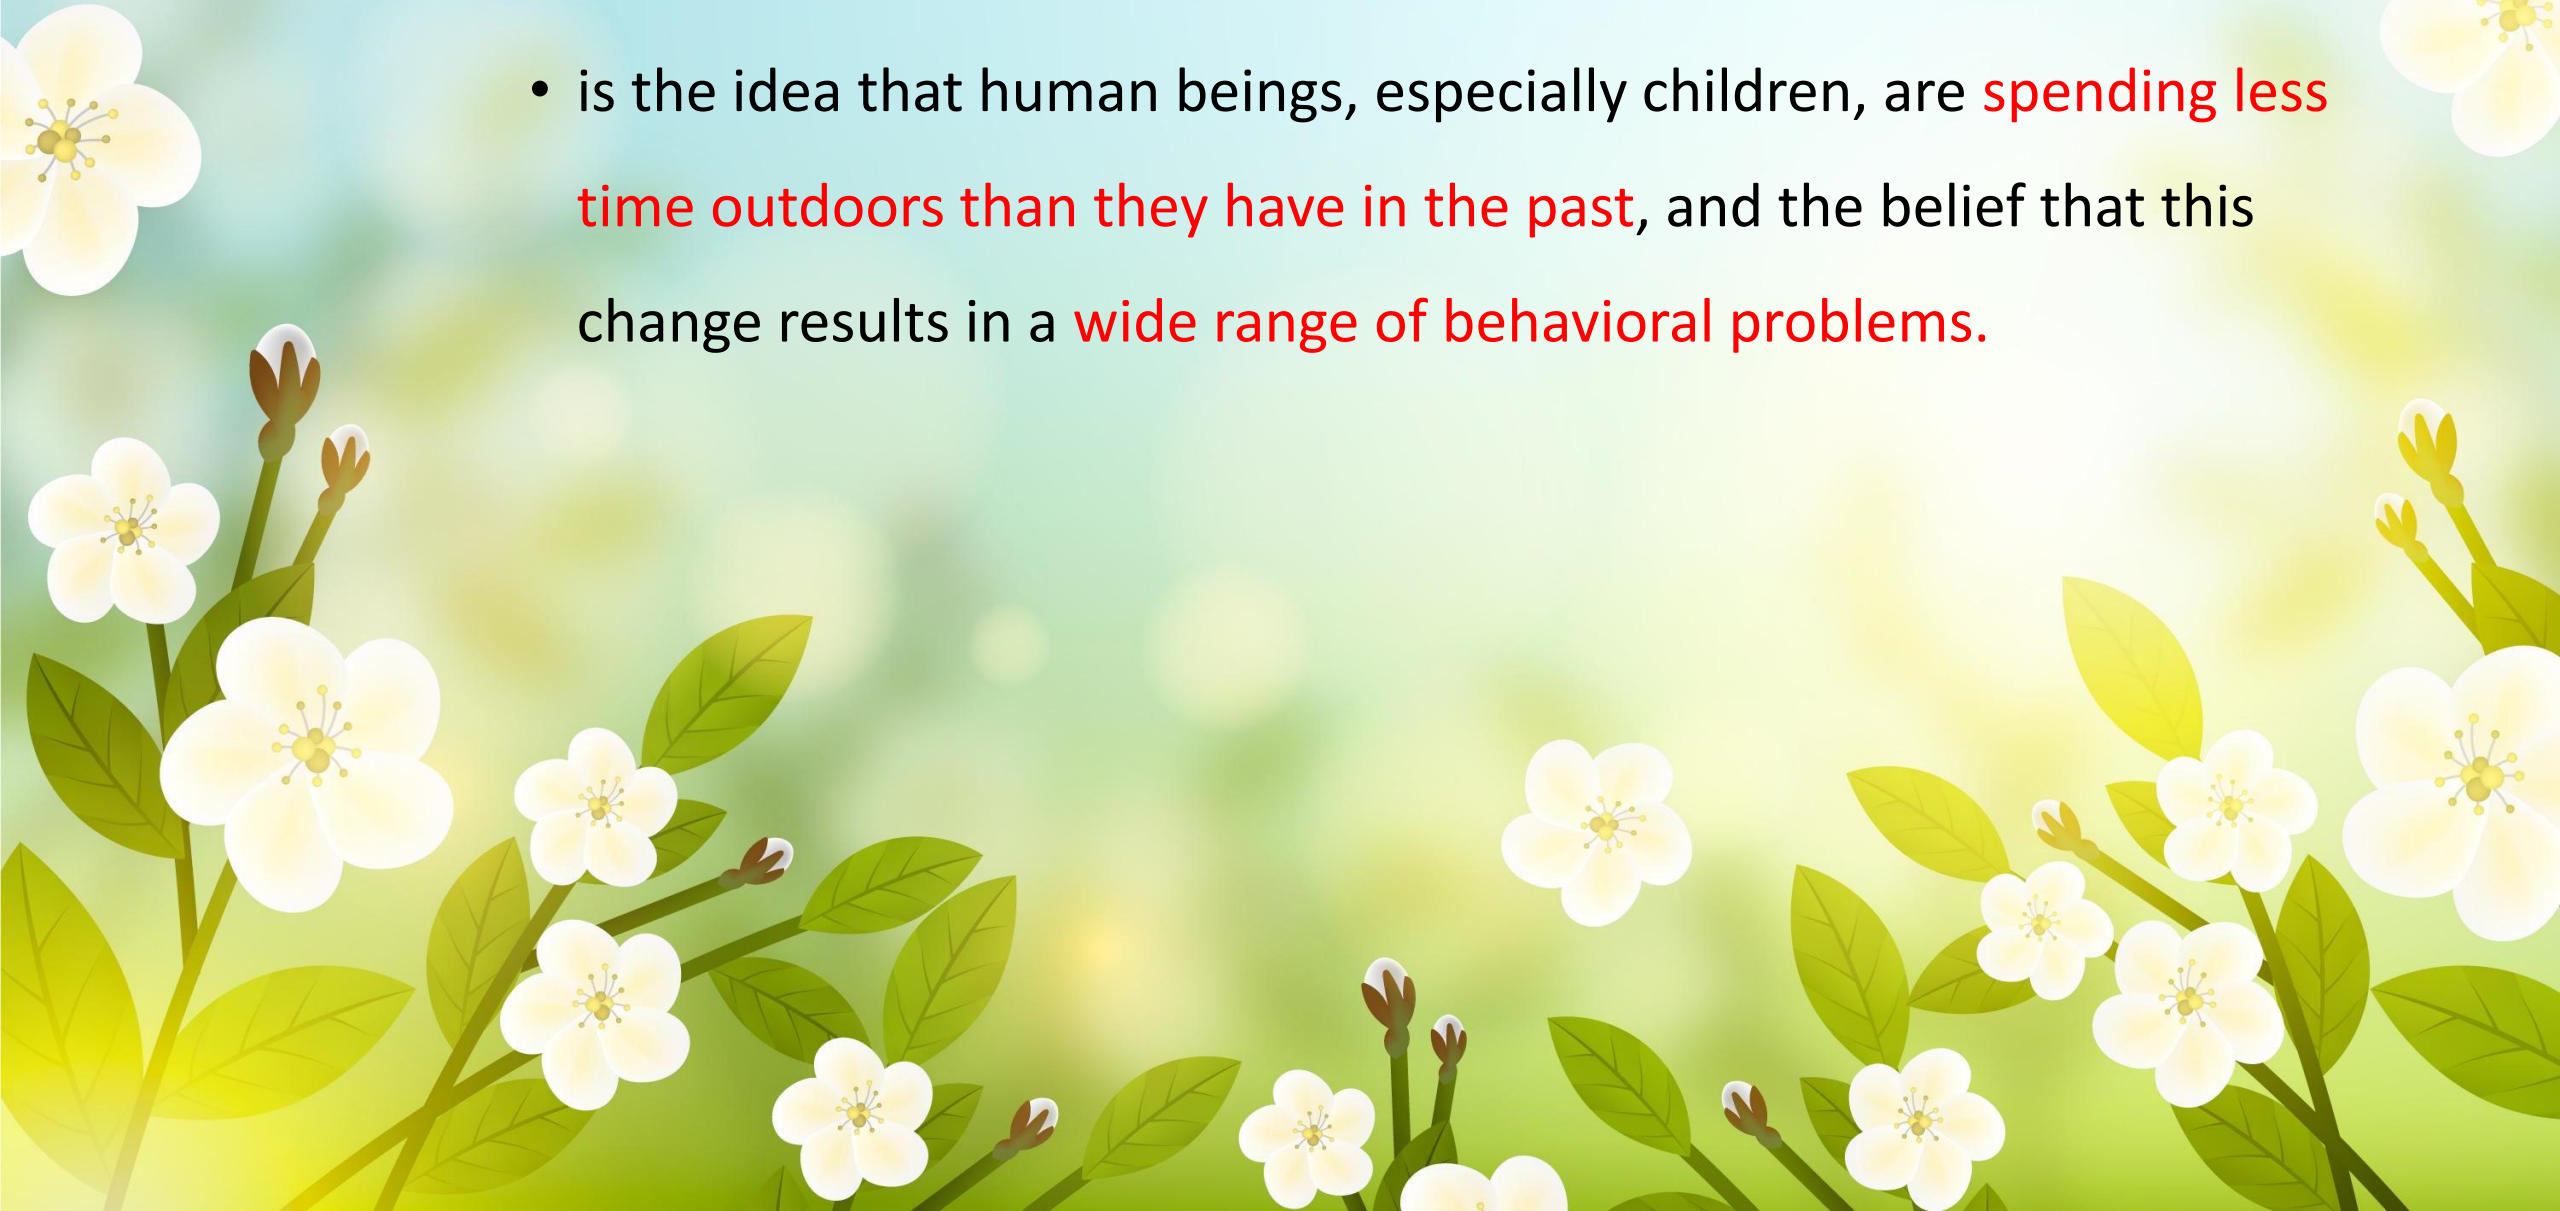

Values

- Respect
- Responsibility
- Integrity
- Curiosity
- Collaboration
- Excellence

Nature-deficit disorder

- is the idea that human beings, especially children, are **spending less time outdoors than they have in the past**, and the belief that this change results in a **wide range of behavioral problems**.

Forest School Approach

- is an [outdoor education](#) delivery model in which students visit natural spaces to learn personal, social and technical skills.
- "an inspirational process that offers children, young people and adults regular opportunities to achieve and develop confidence through hands-on learning in a woodland environment

Summer program for preschoolers

- is an excellent opportunity to instill foundational values such as **gender equality, civic education, and peacebuilding from an early age.**
- **Interactive and age-appropriate activities,** children can learn the importance of treating everyone with **fairness and respect** regardless of gender. (Playing charade Games, using appropriate words)

Summer program for preschoolers

- Civic education will be introduced through simple concepts of **community involvement and cooperation**. (eg . Collecting rubbish from the street side every Friday morning)

Incorporating discussions about the significance of water conservation and green living

- raise awareness about environmental stewardship.
- Teaching about the importance of water and ways to conserve it fosters a sense of responsibility towards natural resources.

Green Living

- Introducing concepts of green living encourages children to adopt eco-friendly practices that contribute to a sustainable future.

Thank You!
